

CONSECUTIVE EDUCATION PROGRAM

Consecutive Education at Queen's is a program for those who are interested in becoming educators or working in the field as educators. The Bachelor of Education program provides university graduates with a second bachelor's degree.

The Diploma in Education is for those who are without a university degree, college diploma, or certificate of qualification, have experience in a broad-based technology area, and are interested in teaching Technological Education in grades 9 to 12.

The Consecutive Education program is completed in 4 successive terms, starting in May and ending in August the following year, which enables our graduates to be out in the job market by September.
