

STATISTICS

Facilities

The Department of Mathematics and Statistics is located in its own building, Jeffery Hall. Graduate students are provided with study space in Jeffery Hall and most classes and seminars are scheduled in the building.

Areas of Research

A summary of the current research interests of our faculty is available on Department of Mathematics and Statistics website at <http://www.queensu.ca/mathstat/research> (<http://www.queensu.ca/mathstat/research/>).

Programs of Study

Refer to the Mathematics and Statistics Degree Programs (<https://www.queensu.ca/academic-calendar/graduate-studies/programs-study/mathematics-statistics/>) section of this calendar and our [Graduate Program and Guidelines](https://www.queensu.ca/mathstat/sites/mastwww/files/uploaded_files/graduate/forms/GraduateProgramsandGuidelinesJuly2021.pdf) (https://www.queensu.ca/mathstat/sites/mastwww/files/uploaded_files/graduate/forms/GraduateProgramsandGuidelinesJuly2021.pdf) for details on all degree programs offered by the department.

Courses in Statistics and Probability

Refer to the Mathematics and Statistics course (<https://www.queensu.ca/academic-calendar/graduate-studies/programs-study/mathematics-statistics/#coursestext>) section of this calendar for the list of courses in statistics and probability.
